

# DEX CRM – Business Lead Incentive Engine (Functional Requirement Specification)

## 1. Incentive Cycle

| Parameter             | Value         |
|-----------------------|---------------|
| Incentive Cycle       | 15th – 15th   |
| Calculation Frequency | Monthly       |
| Employee Role         | Business Lead |

The incentive engine must calculate incentives once every incentive cycle.

---

## 2. Master Configuration (Admin Editable)

The following values shall be configurable by Management.

| Parameter           | Editable |
|---------------------|----------|
| Team Booking Target | ✓        |
| Base Incentive      | ✓        |
| Incentive Slabs     | ✓        |
| Booster Rules       | ✓        |
| Milestone Rewards   | ✓        |
| CX Release Matrix   | ✓        |

Any changes should apply only to future incentive cycles.

---

# 3. Revenue Calculation Rule (Mandatory)

## Eligible Revenue

All booking achievement calculations must use:

**Post-Discout Project Value (Pre-GST)**

The system must **exclude**

- GST
- Gross Project Value
- Pre-discount Value

## Onboarding Fields

| Field                                   | Editable | Used for Incentive |
|-----------------------------------------|----------|--------------------|
| Gross Project Value (Pre-GST)           | ✓        | ✗                  |
| Discount Amount                         | ✓        | ✗                  |
| Eligible Revenue (Post-Discout Pre-GST) | Auto     | ✓                  |
| GST Amount                              | Auto     | ✗                  |
| Invoice Value                           | Auto     | ✗                  |

## Formula

Eligible Revenue

=

Gross Project Value (Pre-GST)

– Discount

This value shall be used throughout the CRM for:

- Team Booking Achievement
- Leaderboards
- Incentive Calculation
- Revenue Reports

---

## 4. Core Credit Calculation

Business Lead incentives are based only on **Team Booking Achievement %**.

### Formula

Achievement %

=

Team Booking Achieved

÷

Team Booking Target

×

100

### Core Credits

Core Credits

=

Achievement %

Example

| Team Booking Target | Team Booking Achieved | Achievement | Core Credits |
|---------------------|-----------------------|-------------|--------------|
| ₹1.20 Cr            | ₹96 Lakhs             | 80%         | 80           |

Maximum Core Credits = **100**.

---

## 5. Incentive Eligibility

| Core Credits | Core Incentive | Booster | Milestone |
|--------------|----------------|---------|-----------|
| Below 65     | ✗              | ✗       | ✗         |
| 65–74        | ✗              | ✓       | ✓         |
| 75 and Above | ✓              | ✓       | ✓         |

### Business Rules

- Core Credits below 65 → Incentive calculation stops.
  - Core Credits between 65–74 → No core incentive, but Booster Credits and Milestone Rewards remain applicable.
  - Core Credits 75 or above → Continue to Core Incentive Calculation.
- 

## 6. Core Incentive Payout

Core Incentive is calculated only from Core Credits.

| Core Credits | Incentive Payout |
|--------------|------------------|
| Below 75     | 0%               |
| 75–85        | 50%              |
| 85–95        | 75%              |
| 96–99        | 80%              |
| 100          | 100%             |

### Example

Base Incentive = ₹60,000

Core Credits = 90

Eligible Incentive = ₹45,000 (75%)

---

## 7. CX Release Gate

CX determines **whether the earned incentive is released**, not how much is earned.

Applicable only after

Core Credits  $\geq$  75

### Release Matrix

| CX Rating | Incentive Released |
|-----------|--------------------|
| 10        | 100%               |
| 9.5       | 75%                |
| 9         | 50%                |
| 8         | 25%                |
| Below 8   | 0%                 |

If Client Feedback is missing,

**Status = Hold Incentive**

Do not release payment.

---

## 8. Booster Credit Calculation

Booster Credits

- Applicable only after 65 Core Credits.
- Do not change the Core Incentive Slab.
- Used only for Milestone Rewards.

## A. Execution Speed

| Condition        | Credits |
|------------------|---------|
| Same-Day Pitch   | +1      |
| Same-Day Booking | +2      |

---

## B. Team Pitch Performance

Average Monthly Pitch per Designer

| Average Pitches | Credits |
|-----------------|---------|
| Below 20        | 0       |
| 21–30           | +3      |
| 31–40           | +5      |
| Above 40        | +8      |

---

## C. Attendance

| Condition              | Credits |
|------------------------|---------|
| Attendance $\geq 95\%$ | +3      |

---

## D. Team Governance

| Condition                                       | Credits |
|-------------------------------------------------|---------|
| Team Booking Achievement $\geq 80\%$            | +5      |
| $\geq 75\%$ Team Members Eligible for Incentive | +10     |
| Zero Escalations against BL                     | +10     |

---

## 9. Final Credits

Final Credits

=

Core Credits

+

Booster Credits

---

## 10. Milestone Rewards

Applicable only if

Core Credits  $\geq 65$ .

| Final Credits | Reward  |
|---------------|---------|
| 125           | ₹2,500  |
| 150           | ₹5,000  |
| 175           | ₹7,500  |
| 200           | ₹10,000 |

---

## 11. Furniture Incentive

Furniture Incentive is calculated separately.

### Formula

Furniture Incentive

=

1%

x

Furniture Value

(Post-Discout

Pre-GST)

Conditions

- Included in Initial Quotation.
  - Approved by Client.
  - Signed-off by Client.
  - Calculated using Final Signed-off Furniture Value.
  - Paid only after 100% Furniture Payment Realization.
- 

## 12. Governance & Validation Rules

The incentive engine must place the calculation **On Hold** under any of the following conditions:

- Client Feedback Missing
- Invalid Project Mapping
- Process Non-Compliance
- Booking Cancellation
- Invalid Booking
- Management Review Flag

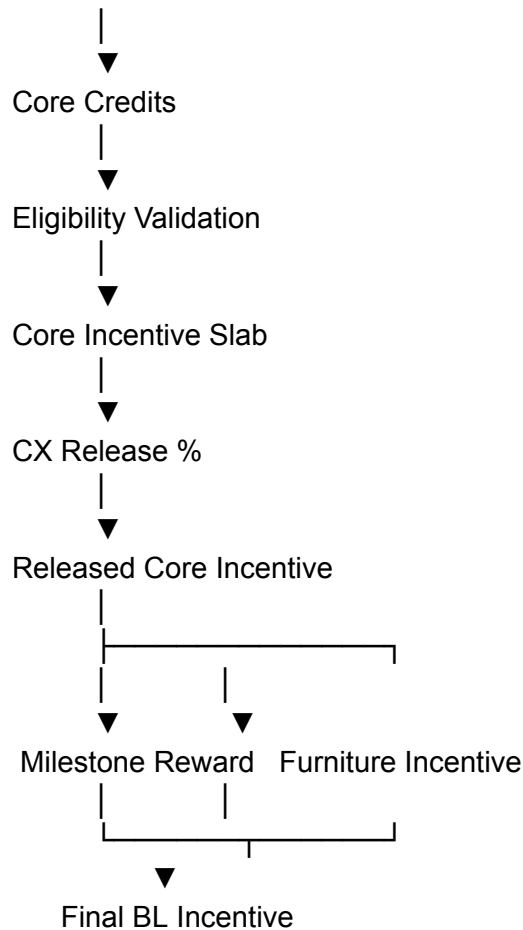

If a booking is cancelled or marked invalid after incentive calculation, the system shall automatically:

1. Reverse the applicable credits.
  2. Recalculate the incentive.
  3. Record the adjustment in the audit history.
- 

## 13. Final Payout Formula

Team Booking Achievement

---

## 14. Incentive Audit Log (Mandatory)

Every incentive calculation must generate an audit record.

### Employee Information

- Incentive Cycle
- Employee Name
- Employee ID
- Role
- Cohort
- Reporting Manager

### Revenue Information

- Gross Project Value (Pre-GST)

- Discount
- Eligible Revenue (Post-Discout Pre-GST)
- Team Booking Target
- Team Booking Achieved
- Achievement %

## **Calculation Information**

- Core Credits
- Booster Credits
- Final Credits
- Incentive Slab
- Base Incentive
- Earned Incentive
- CX Rating
- Released Incentive
- Milestone Reward
- Furniture Incentive
- Final Payable Incentive

## **Approval Information**

- Calculated On
- Calculated By (System)
- Approved By
- Approved On
- Finance Released On
- Payment Status

## **Adjustment History**

Every recalculation must be stored with:

- Date
- Trigger (Cancellation / CX Update / Booking Change / Admin Override)
- Previous Value
- New Value
- User
- Timestamp

No incentive record should be overwritten. Every revision should create a new version while preserving the original calculation history.
