When the lead is directly moved from MQL to PP - The folder in File tab is only visible till MQL - even after Uploading the lifestyle and floor plan -(which is the gate to complete MQL) next stage file folders like PR and PP is not visible - In this case even if i Upload the mandatory criteria for PP (Pitch presentation file) under MQL system is not reading it through - cause of this Lead is unable to move from MQL to PP .

Note - Lead should be able to move from MQL to PP directly skipping the DQL and PR but mandatory gate for DQL and PP will be applicable .

Mandatory gate MQL to PP is Floor plan +Life style capture sheet + PP meeting completed + Pitch presentation file + Pitch Quotation file. (Right now pitch quotation is missing)

Note - Lead should be able to move from DQL to PP directly skipping the PR .

Mandatory gate DQL to PP is PP meeting completed + Pitch presentation file + Pitch Presentation (PP) Quotation file. (Right now pitch quotation is missing)

Right now lead can't be moved from DQL to PP cause the file folder will have access till DQL but pitch presentation is mandatory to be updated in the PR folder - So right now leads can't be moved from DQL to PP by skipping PR

DQL to PR - Files - Mandatory gate - Proposal ready presentation + PR quotation.

Note - When the lead is moved to PD - Mandatory is PD presentation +PD quotation - in the file tab

Note - Lead should be able to directly move from PP to OB by skipping PD

So Above given check list is from PD to OB but we should also have the same checklist when the lead is moved from PP to OB.

Note OB - Checklist is getting updated only after refreshing the entire page
